

# HOLD ON JUST A LITTLE WHILE LONGER

Hold on just a little while longer  
Hold on just a little while longer  
Hold on just a little while longer  
Everything will be alright  
Everything will be alright

Pray on a little while longer  
Pray on a little while longer  
Pray on a little while longer  
Every little thing will be alright  
Every little thing will be alright

Sing on just a little while longer  
Sing on just a little while longer  
Sing on just a little while longer  
Everything will be alright  
Everything will be alright
