

# PEOPLE'S HEART TO GOD

I know this Light, softly inside, is very subtly alive, in every part of  
That which I Am.

There is no road, no need for maps, and once they've called you can't go back...but  
why would you want to? It's already inside you...

An with all the love these worlds can bring,  
Gonna turn this man into a king,  
And I'm gonna put you on a throne  
This will be the best life that we've known  
In a hundred thousand million years  
It took for me to find  
A way to make you stay alive  
Inside - of me  
And with all the victories we shall trod,

Deep within Flesh, Stranded in Bone, is the only story known...the POWER to crew  
at world's, it's already inside you...

All this LOVE...  
Makes us Kings!  
On a throne!  
Best life that we've known.  
Ooh ooh ooh  
Find a way to stay alive  
Inside !  
We trod.  
People's heart to God!

Sop : Can You Feel the LOVE?

Alti : Rain down that Rain down that day

Tenor : Can you feel THE LOVE today?

We will turn our people's heart to God !  
And we'll stand together at heaven's door,  
Open up our arms and call down more !  
Can you feel the love...That'll rain down that day ?
