

## BELIEVE

When You look deep Inside  
Do you really feel alive ?  
Are you above or underground ,  
And I know we cannot always see  
It's a neverending story...  
While you're searching you're already found...

You gotta feel it  
And must believe it  
And then you'll see it  
Don't you wonder how  
Cause when you feel it  
And you believe it  
Right then you'll see it  
Taking over now
